

**BELLAN**  
LIMITED

# How do you protect yours ?

The **Ignition Override Unit** from Bellan enables vehicles to 'tick over' **safely & securely** without any risk of the vehicle being stolen even when the vehicle is **unattended**.

## The IOU...

- Ensures that your vehicle is **secure** when left 'ticking over'-intentionally or accidentally.
- Eliminates the need for second sets of keys avoiding disruption or confusion when keys are lost or stolen.
- Enables the **uninterrupted use of ancillary equipment** without the risk of flat batteries e.g. Beacon Bars, Generators, PTO's, Light Bars, Passenger Chair Lifts.

**Ensure your vehicles are protected...**
